

REMARKS

Applicants have amended the specification to correct a typographical error in the Brief Description of the Drawings. The specification should denote that Fig. 7 through Fig. 11 are directed to illustrations of the steps of production of the radiation image sensor of Fig. 1, rather than only Fig. 7 through Fig. 10.

CONCLUSION

In view of the foregoing, Applicants respectfully request the entry of the Amendment to place the application in clear condition for issuance. Should the Examiner feel that there are any issues outstanding after consideration of this amendment, the Examiner is invited to contact Applicants' undersigned representative to expedite the issuance.
